

CSE 242 – Algorithm Lab
Lab 3 | Tasks | Topic: Heap Sort

1. For a given array of unsorted integer numbers of size N , build a Max Heap and print the numbers.
2. For a given array of unsorted integer numbers of size N , sort them using the Heap Sort algorithm .
3. For a given array of unsorted integer numbers of size N , sort them using the Heap Sort algorithm in a descending order.
